

REPORT OF THE PRESIDENT - Submitted by E. B. Dubé

Since our Annual General Meeting, many things are taking place in the Department. I know that together we can keep abreast of it all!!

I am pleased with the results of our elections and welcome every Member of the New Executive knowing full well that we have an excellent team and that we can accomplish good things together.

I was unable to attend the Seminar in Malaysia as Equal Opportunities Representative but Sister McCall went as my alternative and I know that her presentation, which was well prepared will be well received by those attending. I anticipate a full report on her return. I have attended a variety of other meetings and hope that my input will improve situations for everyone. Grievances are not diminishing and problems are multiplying as cuts are being implemented and we are beginning to feel the pinch. The work does not diminish but, our ranks do!!

We surely have our work cut out for us and our need to communicate is becoming more important than ever. I am, as usual pressed for time, but I would like to take this opportunity to say I am proud to be serving another term with you and, although I do not contact you too often to relay this message: My heartfelt thanks to each and everyone of you for your support and for the time you put in to help our Members. To the one Member of our Executive who is serving for her first term, welcome aboard, we are pleased to have you.

In closing, I mention the importance of the Pay Equity package and the GST package and ask that a concerted effort be made to make these exercises a success in our Local.

Frazernally,

  
E. B. Dubé,  
President,  
Local 70125.
